Eighth International Conference on Developments in eSystems Engineering (DeSE 2015)

Burj Khalifa, Dubai, UAE

13th - 14th December 2015

<http://www.dese.org.uk>

All around the world, many high profile projects are seeking to transform services and facilities into state-of-the-art electronic technologies. This is generating a high-level of interest and research activity in eSystems. DeSE'2015, which will be held in Dubai, will cover a set of topics aimed to address current research issues in the design, engineering, and adoption of such eSystems.

DeSE 2015 conference comprises an exciting spectrum of highly stimulating tracks:

- Track 1: e-Learning (Technology Enhanced Learning)
- Track 2: e-Government systems, Autonomic computing and AI
- Track 3: e-Business and Management
- Track 4: e-Health and e-Medicine
- Track 5: e-Science and Technology
- Track 6: e-Security and e-Forensics
- Track 7: e-Entertainment and Creative Technologies
- Track 8: e-Networking and Wireless Environments
- Track 9: e-Ubiquitous Computing and Intelligent Living
- Track 10: Green and Sustainable Technologies
- Track 11: e-Culture and Digital Society
- Track 12: e-Sport Science
- Track 13: e-Systems Engineering (Main Stream)
- Track 14: Building Information Modelling, Sensor and Wearable Technology for Construction and Asset Management
- Track 15: User Experience in the Middle East
- **Special Session:** Sustainable Construction and Renewable Energy
- **Special Session:** eRobotics and Virtual Reality

All submitted papers will undergo triple-blind peer review, and accepted papers will be published in the conference proceedings. The proceedings will be published by the IEEE Computer Society Conference Publication Services (CPS) and will appear in the Computer Society Digital Library indexed in IEEEExplore and other related indices. Extended versions of selected papers will be considered for publication in the special issue of the International Journal of Artificial Intelligence and Soft Computing.

Submission of Papers: Prospective authors are invited to submit full-length papers (not exceeding 6 pages) by **31st August 2015**. Submitted papers should conform to the [IEEE format](#) and will be handled and processed electronically via [the EDAS online submission system](#). Submission implies the willingness of at least one of the authors to register and present their paper.

Further details can be found at www.dese.org.uk/dese-2015.
